

Intertek Industry Services and its subsidiaries consider the health, safety and welfare of its employees, clients and third parties connected with its business to be of paramount importance. The company's aim is to achieve zero lost time accidents and Intertek is committed to the continuous review and improvement of its health and safety performance.

To this end Intertek is fully committed to meeting its responsibilities with respect to Health and Safety, OHSAS 18001 and relevant legislative requirements.

**Intertek's Commitment:**

- Intertek will provide and maintain a safe, healthy working environment for its employees, clients and others who may be affected by its business and processes
- Intertek will embed into all its operations a goal of zero injuries
- Intertek will ensure that all its entities operate in compliance with local health and safety laws, regulations and standards

**In order to meet these commitments, Intertek will, as far as it is reasonably practicable to do so:**

- Provide the necessary information, advice and resources to ensure that employees are adequately trained and understand their personal responsibility for their own safety and the safety of others
- Provide an active incident prevention process for a healthy, safe and secure place of work
- Ensure that work-related incidents are recorded, reported and investigated and that where necessary, preventative action is taken
- Ensure that equipment provided by the company, or on its behalf, is fit for its intended purpose
- Ensure that all employees are aware of this policy and that it is referenced during induction and training processes
- Develop a high level of health and safety awareness amongst employees and ensure that safe working practices are adopted at all sites
- Monitor and openly report on our health and safety performance
- Audit the implementation of this policy and facilitate continual improvement of the system
- Appoint designated members of staff to manage aspects of Health & Safety
- Comply to Local, National and International health and safety laws, regulations and standards.

**Responsibilities**

Responsibility for the health and safety of our people and activities lies with line management along with individual employees. All incidents will be recorded and reported to the designated Country Health and Safety Representative who will then report through to Intertek Group as well as to the respective Country Line Management.

This policy statement has the complete support of the Management team, is in full compliance to the Intertek Group Plc. Health and Safety policy and will be subjected to annual review and revision when necessary.
